

# bio-ConneKt<sup>®</sup>

## Wound Matrix

**FDA**  
**510(k) CLEARED**

Exclusively from  **BioWound**  
Solutions

The bio-ConneKt Wound Matrix is a sterile, conformable and porous skin substitute made of reconstituted collagen derived from equine tendon. It is chemically crosslinked to provide resistance to degradation.

### Indications For Use

bio-ConneKt is indicated for the management of moderately to highly exudating wounds, including:

- ✓ **Partial & Full Thickness Wounds**
- ✓ **Chronic Vascular Ulcers**
- ✓ **Draining Wounds**
- ✓ **Post-Mohs Surgery**
- ✓ **Tunneling Wounds**
- ✓ **Diabetic Ulcers**
- ✓ **Pressure Sores / Ulcers**
- ✓ **Trauma Wounds**
- ✓ **Venous Ulcers**
- ✓ **Surgical Wounds**
